

## White is in the Winter Night

Have you seen the mistletoe,  
It fills the night with kisses  
Have you seen the bright blue star,  
It fills your heart with wishes  
Have you seen the candlelight,  
It shines from every window  
Have you seen the moon above,  
It lights the sky in silver

Green is in the mistletoe and red is in the holly  
Silver in the stars above that shine on everybody  
Gold is in the candlelight and crimson in the embers  
White is in the winter night that everyone remembers

Have you heard the boys outside, when all the girls are skating  
Have you heard their sweet hearts cry for all this time they're waiting

Green is in the mistletoe and red is in the holly  
Silver in the stars above that shine on everybody  
Gold is in the candlelight and crimson in the embers  
White is in the winter night that everyone remembers

Have you seen the children playing, tiny hands are frozen  
Have you seen them hurry home, when suddenly it's snowing

Green is in the mistletoe and red is in the holly  
Silver in the stars above that shine on everybody  
Gold is in the candlelight and crimson in the embers  
White is in the winter night that everyone remembers

Have you heard that bells are ringing, ringing at their story  
Have you heard the choir singing, Glory, Glory Glory
